MEMORANDUM FOR: Chief, China-Asian Satellites, OCI

25X1A ATTENTION: [REDACTED]

THROUGH: Chief, Requirements Branch, Reconnaissance Group, CGS

FROM: Chief, CIA/PID (NPIC)

SUBJECT: Photo Analysis of New SA-2 Site Southwest of Pyongyang,  
North Korea at 38-48N 125-27-50E

REFERENCES: (a) Requirement C-CI-4-81,147  
(b) CIA/PID Project C 481-64

1. This memorandum is in response to your requirement dated 6 March 1964 requesting a study of the newly identified SA-2, 18.7 nautical miles southwest of Pyongyang, North Korea at 38-48N 125-27-50E, giving site status, associated radar equipment and latest negation date.

2. The Pyongyang SA-2 site with six occupied launch positions and a control area appears operational. The scale of the photography precludes radar identification, but an occupied control area indicates a probable FAN SONG radar is present.

25X1D The following missions were searched and the site negated as of [REDACTED]

25X1D [REDACTED]

25X1D [REDACTED]

25X1D [REDACTED]

25X1D Enclosed is an enlargement of the site from Mission [REDACTED]

25X1D [REDACTED] the only mission on which the site appears.

MEMORANDUM FOR: Chief, Manufacturing and Services Division, ORR

25X1A ATTENTION : [REDACTED]  
THROUGH : Chief, Requirements Branch, Reconnaissance Group, CGS  
FROM : Chief, CIA/PID (NPIC)  
SUBJECT : Port of Hon Gay, North Vietnam  
REFERENCES : (1) Requirement No. C-RR4-81.025  
(2) Project No. C 272/64

1. This memorandum is in response to the above referenced requirement calling for a detailed photo analysis of the port facilities in Hon Gay, North Vietnam. It is also requested that late date comparative photographic coverage be used wherever possible.

2. Hon Gay is located approximately 45 nm south of the Communist Chinese border at 20 57N - 107 06E. It is a minor port with it's principle function being the export of coal from near-by mines. Coal handling facilities include three concrete wharves, each with two portal jib cranes and served by a narrow gage railway. There is a small general cargo area, approximately one half mile south of the coal loading area, which contains one small wharf, approximately 80' long, equipped with a single portal jib crane, and ten general purpose warehouses. At the time of this photography one ship, approximately 300' long, was taking on coal at the northernmost wharf.

There was no construction activity taking place at Hon Gay when this 25X1D photography [REDACTED] was flown. Expansion could not be ascertained as this was the only photographic coverage available in the 1962-1963 period.

25X1A 3. The photo analysts on this project were [REDACTED]  
25X1A [REDACTED] who can be contacted on extension 2547, should any question concerning this memorandum arise. This requirement is considered complete.

25X1A

ENCLOSURES:
